Dear Parents,

In our continuous efforts to provide the best possible care to our campers and staff, William Lawrence Camp will be partnering with CampDoc.com. We wanted to make the process of filling out forms easier for you. CampDoc.com will allow you to fill out the forms through their database at your pace. While information does not auto-fill, we built your forms so that the same information doesn't need to be entered more than once. Unlike paper forms that require the basic info entered at the top of each set of documents, this is all electronic so all data is retained together throughout the process.

When a family first logs into CampDoc, they will enter their child's name, date of birth, and gender. This data will stay with that profile no matter the sessions they sign up for and it will not be required to be completed again, including in subsequent years. You will receive e-mail reminders from CampDoc.com if you still have portions to finish. There will be no more mailing forms in. All that is required is you hit the send button.

CampDoc.com is an electronic form system for camps, and will help us consolidate and integrate all camper forms into a centralized and secure location. Their system will give our nurses and select staff instant access to camper information, a key component in providing quality camper care.

The security, confidentiality and privacy of your camper's personal information will always be protected. Only William Lawrence Camp's select staff will have access to camper information, and the CampDoc.com site is secure, encrypted and password protected.

Soon, you will receive a "Welcome E-mail" from CampDoc.com with information about how to complete your camper's information.

- Click the link in the CampDoc email to set a new password for your CampDoc.com account.
- Follow the instructions, and complete all camp forms for your camper. Alerts will appear for any missing required information.
- You may return to your CampDoc.com at any time to make changes/updates to your camper's information until the deadline date.

Please set register@campdoc.com as a 'safe sender,' to avoid accidental delivery to junk and spam folders.

We are excited to continually evolve – building safer, more productive and more efficient systems to create the best experience for you and your family.

We can't wait to see you this summer,

Nat Crane
